

Name of Intern: _____

BARRINGTON HIGH SCHOOL INTERNSHIP PROGRAM:

Thank you for joining the Barrington High School Internship Program as a Mentor! The experience you will provide to your intern will be impactful throughout college and beyond. This type of exposure makes all the difference while balancing academics and real-world project-based learning. The exceptional students who graduate Barrington High School are well balanced, bright, and 21st century thinkers and internship experiences contribute to the BHS legacy -
Thank You

As an affiliate of the Barrington High School Internship Program, and a committed mentor, it is imperative that the intern and mentor have a similar vision for this journey and set goals together. During the initial meeting with the assigned intern, take a few minutes to discuss the intern's goals for the set time frame and connect by setting 3 types of overarching goals together (see below). The vision should illustrate task goals, project based goals, and outcome goals. These goals might include, but are not limited to, personal, professional, and educational goals as well.

The goals set should also be attainable with the time commitment that was agreed upon during the first meeting: 50 Hours, 100 Hours, or 200 Hours.

Use this table below to help you and your mentor sort out your internship goals. This is not an assignment but more of an opportunity to make your goals more concrete. You will need this information when you work on your Portfolio.

#1 - TASK GOALS:
#2 - PROJECT BASED GOALS:
#3 - OUTCOME GOALS:
